

APPENDIX B-148

WEAPON ITEM DATA STATUS TRANSACTION

1. This transaction is a computer generated response to a Weapon Item Data Transaction, DIC WS1, appendix B-144, and notifies the submitting Service/ activity of the status residing in the Weapon System Database (WSDB) of the add/change/delete requests applicable to specific item applications for Weapon System Designator Codes (WSDCs)/end-items. The Weapon System Status Codes (WSSCs), appendix A-57, part II, appear in pos. 65-66, and define the status of submission requests resulting from DSC processing. The WSSCs specify the reason(s) that item data was prevented from processing as intended, alternative processing which took place or additional processing which may be available and/or required. DLAM 4140.2, Volume II, Part 1, Chapter 51, Part 2, Appendix D-77 and Part 3, Appendix F-140C are applicable to this transaction.
